

"I wish to thank you for the most inspiring time at the IncredibleEurope summit.

I was particularly captivated by the richness and depth of thinking and the abundant sharing of ideas that continued throughout the summit. To meet talented young entrepreneurs who are defining and inspiring positive change in the world through new ways of thinking and leading was a true testament to you and your team in bringing so many outstanding people together, in one place, at one time.

The people, energy, intelligence, openness, collaborative culture and celebration of global relationships amongst everyone attending was a truly special experience.

I gained many new friends and colleagues from so many countries. A rich, beautiful and lasting experience. Thank you for the opportunity to be part of the wonderful IncredibleEurope summit." *(Jillian de Beer, New Zealand)*

"IncredibleEurope showed how the fusion of business, art and innovation methods may lead to a revolutionary European vision. I realized at this conference the important role of art in the creation of disruptive innovation and the underestimated power of lateral thinkers in big organizations.

IncredibleEurope was one of the most lively and inspiring conferences I have ever participated. It was one of those conferences which provided not only brilliant networking opportunities, but also an excellent conference program." *(Katharina Leitner, Switzerland)*

"The IncredibleEurope summit was from the very beginning highly informative and even more motivating. Keynote speaker Professor Luigi Colani was the main attraction of the event - simply with his unique personality and certainly also with his long-lasting expertise in his profession.

I was totally impressed by the number of international guests representing their country especially in the discussion about the need for a single brand for Europe. Sometimes the debate could have been slightly more goal-oriented, bearing in mind that we talked about innovation and not about the political system of the European Union. It was a perfect opportunity to get in contact with innovative Leaders from all over the world - even in a personal talk during the breaks. It seemed clear that everybody strongly wants to contribute with his/her visible potential to an advanced Europe.

I was especially fascinated by the enthusiasm of the 81-year-old (!) Professor Colani. Furthermore the "short lecture" of Miha Pogacnik on the influence of art and culture on leadership was very impressive and convinced me to engage more with this topic. Great location for an outstanding event with unique guests organized by a person who deserves special recognition for her ongoing effort to achieve a change in mindset towards a more innovative Europe in 2049." *(Harald Kollmann, Austria)*

"IncredibleEurope an event to remember

It was great to meet so many open minded people and to remember the uniqueness of European culture and knowhow, which we have to maintain in future. The presentations of Luigi Colani and Miha Pogacnik will be alltime favourites of mine. " (*Anita Posch, Austria*)

"A great inspiring event.

I was impressed by all the wonderful creative and innovative people at this event. Not only the speeches were inspiring but also the participants.

In my opinion doctors should prescribe such an event to every citizen once a year. I am sure, there wouldn't be a questions how to get to a 'Brand Europe', and there wouldn't be a word like 'crises', because everyone would know, that it is only a stage in a process and can also be 'designed wonderfully'.

The event definitely changes my life. I am kind of 'jumping over my own fences'.

Great people & ideas, perfectly organized. Thank you for the chance to participate." (*Monika Tockner, Austria*)

"Spending an inspiring day with incredible people

For one day Vienna served as a melting pot for people from all over Europe. Hungry for innovation and creativity. Under those, some who have already proven their genius, like Mihan Pogacnik, Luigi Colani and Mirko Ilic, to name a few. I can't state what impressed me the most. But this day undoubtedly had an impact on my whole life. An impact which drives me as an entrepreneur and personally towards more creativity and opens my mind for innovative European ideas." (*Johanna Kriks, Austria*)

"Ich möchte mich hiermit für die wundervolle, energiereiche und positive Veranstaltung bedanken und hoffe, dass in dieser Hinsicht noch viele weitere folgen werden. Alles Liebe und ein großer Dank an das gesamte Team." (*Alexandra Ritter, Austria*)

"Thank you for giving me the chance to participate today. I don't know how much I was able to contribute but it was really valuable for me for several reason. Not least for the amazing people you had found for the conference. I was inspired today and I'm impressed the way you had planned and managed it + I could feel a warm heart behind the whole thing.

I'm so glad I said yes to come. With the hope to stay in touch. " (*Thomas Carlhed, Sweden*)

"Herzliche Gratulation zu der tollen Veranstaltung! Hat mich wirklich sehr inspiriert!" (*Nikolaus Beier, Austria*)

"What a day; I am still excited about the input and discussions. Also got some real valuable contacts for further business development so it was in one word Fantastic. Everybody was so proud of the work you did; so we should build on this. The new Europe saw the light in Vienna and we've only just begun." (*Ab Kuijer, The Netherlands*)

"Many many thanks to selma and her helpers for this perfectly organized and outstanding inspiring day. leaving the province without leaving vienna. great!" (*Heidi Hueber, Austria*)

"It was a great day! Thanks!" (*Christoph Cecerle, Austria*)

"Thank you for the great event!" (*Tamas Locher, Austria*)

"Selma, thank you so much for the invitation and for such a great event. It has been inspiring, innovative and surprising... Congratulations to you and your team!" (*Mariana Ferrari, Spain*)

"Selma, (and team) you did it again ! well done. many thanks for an inspirational and motivational day. it energised the mind, and freed the spirits." (*Nigel Stonham, Austria*)
