

The Influence of ONE

Dear Changemaker,

The IncredibleEurope 2011 theme is **"The Influence of ONE"**. It refers to the influence of **ONE EUROPE** as one global player as well as the influence of **ONE INDIVIDUAL** to inspire a bottom-up change. "Think 2049 – Act now!"

IncredibleEurope is the first bottom-up value-changer in and for Europe.

It focuses on creative, innovative & entrepreneurial changemakers and the future they influence. It is more than an event; it's a movement that empowers people in Europe. At the **IncredibleEurope Summit** members of the IncredibleEurope Association jointly work on the elaboration of Europe's shared, sustainable future and specific actions for the following year. The Summit 2011 will take place June 8-10 in Vienna and gathers some of the most influential & incredibleE changemakers of today and tomorrow. It has been supported by world-renowned guest speakers like design legend Luigi Colani, creative mastermind Edward de Bono, WEF Young Global Leader Cameron Sinclair, violin virtuoso Miha Pogacnik, US star designer Mirko Ilic, and many more... Since its start in 2009 in Vienna IncredibleEurope has expanded throughout Europe and developed into an influential incredibleE network.
